

TigernixCharity

Charity Management System

SOLUTION OVERVIEW

SOLUTION OVERVIEW

TigernixCharity is an online donation and membership management software system developed to serve the wants and needs of the charitable organizations, foundations and other welfare societies as corporate software solutions do not necessarily meet the unique demanding of such non-profit organizations. TigernixCharity is the best software solution for charitable organizations and foundations to streamline their distinguished set of daily operational functions.

The system is a modern web-based software module that assists your charity operations in areas like membership management, volunteer sign up, subscription management, managing fundraisings and much more.

With TigernixCharity you can leverage your sustainable growth in order to make a positive impact on the society and shoot your goals based on the sheer betterment of the mankind.

ADVANTAGES

Enabling your charity or volunteer organization to be more efficient and streamline in managing their day-to-day operations TigernixCharity offers you several advantages to your organization.

Simplify your day to day functions

Though you are a social wellbeing focused organization, still you have to perform almost all the managerial functions. TigernixCharity comes as an end-to-end management software comprised of the right mix of inbuilt tools to manage your charitable organization with a lesser effort. It assists you from members' subscription management to funds accounting to on-line donation acceptance; simply the only all-inclusive charity management software in the market.

Simple and user-friendly

As we are well-aware of your tight schedules and hectic work atmosphere, TigernixCharity is designed as a user-friendly software without adding up further complexities to the operations of your entity. It comes with a foolproof and simple user interface which facilitates easy adoption and smooth functioning of your charity operations. Hence, your organizational members will find TigernixCharity a useful and productive than the outdated manual systems.

Just one click

The complexities of manual systems are restored with TigernixCharity to a one-click task! From subscription account handling to executing of fundraising campaigns can be easily put into action by clicking and pointing. All the operations will be streamlined with TigernixCharity, freeing up organizational members to concentrate on more humanity missions to make thus a better world for us to live.

BASIC FUNCTIONALITIES

Run your charity/agency in a smart way with TigernixCharity. It offers you a host of functionalities to streamline your operations.

Online donation acceptance

With TigernixCharity now you can accept donations from donors around the world, through its online donation accepting tool. This encourages donors to make cash donations as they can donate with online transfer of money from their account to your charity fund. With the convenience created by TigernixCharity, you will be able to collect more online donations while maintaining an organized donor database.

- Online donations
- Donation tracking
- Gift management
- Grant management

Management of donor contact and activities

TigernixCharity enables you to maintain a centralized database for donor contact and activities. This database is comprised of both donors details you feed to the system. Therefore, you can easily follow-up with donors in order to acknowledge about the other charity programs and upcoming events of your foundation/agency.

- Donor database
- Matching donations

Online and offline fundraising management

Your foundation/agency can implement effective fundraising campaigns with TigernixCharity. If it is an online campaign, you can manage it from A to Z with TigernixCharity in a well-planned systematic way. Even if it is an offline campaign/event, you can still work with TigernixCharity to plan the campaign and execute covering a wide scope of the entire event.

- Event management
- Online fundraising campaign management

Automatic donation receipt management

Once a donation is made and it is inputted the system, automatically a donation receipt will be generated from the system. You can either get this printed or send this virtually to the donor and update the entry in the accounting system of your foundation/church.

- Reliable donation management
- Automate donation receipt generation
- Real-time donation updates in the accounting system

Management of volunteer contacts and activities

TigernixCharity has its own tools to create a platform where you can sign up volunteers virtually and maintain tier details in a separate database. With this, you can easily contact volunteers when you need to employ them for projects by monitoring their availability via the system. Moreover, your entity can acquire more volunteers as getting registered online is easier and quicker than conventional volunteers signing up programs.

- Member Directory
- Membership Management
- Recognition Management
- Registration Management
- Self Service Portal
- Training Management
- Volunteer Profiles

Online event registration

If you are conducting a specific event, registrations for that event can be done online with TigernixCharity. This is very reliable and time-saving than manual registration which usually requires dozens and dozens of phone calls and stacks of papers. A substantial number of participants can also be registered since awareness can be created online and direct them to get registered at the same time.

- Event registration campaign management

Management of membership registration/renewal

With TigernixCharity your membership management process can also be automated. You can handover the cumbersome manual membership registration/renewal process to TigernixCharity and with one click your members' database will be updated to date. You can access this centralized hub anytime anywhere you want as TigernixCharity is a web-based software module.

- Application Management
- Association Membership
- Automatic Renewals
- Club Membership
- Committee Management
- Member Database

Online payment processing

Not only online registration of events but also payments regarding such events can also be processed online with TigernixCharity. Instead of receiving the payment/entry fee on the date of the event, you can collect it an advance through an online payment platform, thus you can be certain about the possible funds raised from the event.

- Various payment method compatibility
- Secure data encryptions
- Online donation tracking

Handling of membership payment

The annual/ monthly subscription accounts handling and bookkeeping is facilitated by TigernixCharity. All the other member related payments and patronage management activities can also be performed with TigernixCharity effectively.

- Subscription management
- Dues management
- Maintaining fund accounts

Mass emailing tools

TigernixCharity offers your organization a mass emailing tool which enables you to send bulk emails to donors and sponsorship providers. Thus will help you raise the awareness about the events you are going to organize in the future.

- Auto-Responders
- Bounce Tracking
- CAN-SPAM Compliance
- Contact Database
- Drip Campaigns
- Event Triggered Email
- Image Library
- Mailing Frequency Limits
- Mailing List Management

Integration with Content Management Systems

TigernixCharity can be integrated with your content management system (CMS) and function in sync with such software modules.

- Custom forms and donate buttons
