Empowering parents and teachers for student success

SOLUTION OVERVIEW

Did you know that parent-teacher engagement is key to quality education? TigernixEduConnect allows a comprehensive and holistic support system for student development by enabling a collaborative platform for teachers and parents to actively participate in students' academic growth. It offers a modern solution to enhance communication mediums between parents and teachers.

With access to up-to-date information, teachers can manage multiple classrooms and note down specific requirements for each student to promise high-quality education in your institute. The app also enables teachers to notify parents of important notices and quickly address any concerns they may have.

Your school's positive reputation is scaffolded by the trust built in parents. Easy communication, meeting scheduling features, interactive student activity reaction portals and other cutting-edge services enabled by Tigernix EduConnect provides you with that unbreakable bond. Employ Tigernix's efficient solution to ensure students receive the necessary attention from both teachers and parents.

ADVANTAGES

Be Instantly Notified of Emergencies

TigernixEduConnect ensures parents are informed of their child's safety at school by notifying them of injuries or illnesses. This proactive approach keeps parents in the loop when such incidents occur.

Student Success Records

Allow parents to log in to their TigernixEduConnect account wherever they need to view their children's achievements at any point in their lives. They will never lose touch with their children's childhood memories.

Better Organisation

The app allows you to integrate all classrooms into one and easily switch between them. Special meetings can also be scheduled in advance, requiring parents to only accept or reschedule them with a click of a button.

Easy Tracking and Reporting

Monitor every student's performance in every class and extracurricular activity. Did they improve from last week, or have they suddenly dropped in their performance? Get notified every time they reach a milestone with the added benefit of receiving instant pictures.

Emergency Mitigation Tools

Student doctors or home visits for medical or psychological emergencies can be processed faster by allowing parents to react needfully to immediately ensure the child's safety and health requirements.

Instant Data Access

Receive instant access to vital information concerning students- either academics or refers to a student's medical history or confidential information; schools can ensure no mistakes or errors in documentation.

Hassle-less Payment Portals

Notify parents of due payments and allow them to use user-friendly payment tools to transfer funds efficiently using TigernixEduConnect; the app streamlines payments and financial record-keeping.

Interactive Parents and Teachers

Allow all parents and teachers to actively engage in admiring child accomplishments, hosting events and securing children's safety using a multi-faceted, collaborative platform like a typical social media platform.

Satisfied Parents

TigernixEduConnect fosters parent satisfaction and trust in the educational centre by providing a reliable platform for communication and engagement between parents and teachers, ultimately leading to better student outcomes.

Student Data Privacy

Tigernix offers data security insurance protocols that provide an extra layer of privatisation for students' data. By utilising them, educational centres can prevent potential misuse or mishandling of sensitive information.

Single Platform for Communication

TigernixEduConnect provides a multi-faceted communication platform for teachers and parents, which enables schools to make important announcements. It brings parent-teacher communication efficiency to its best level with high-tech tools.

The Teacher's Superpower

Teachers utilise the app not only to ensure student well-being and growth but also to keep up-to-date with their schedules, classroom, inventory, library and many other responsibilities under one screen.

BASIC FUNCTIONALITIES

Easy User Interface with Interactive Features

TigernixEduConnect is a user-friendly app for teachers and parents, designed to ease communication and collaboration. The app offers interactive tools, attendance and content management features, and resource management portals. Teachers can use it to manage responsibilities, communicate with parents in real time, and track student progress, making workload management easier.
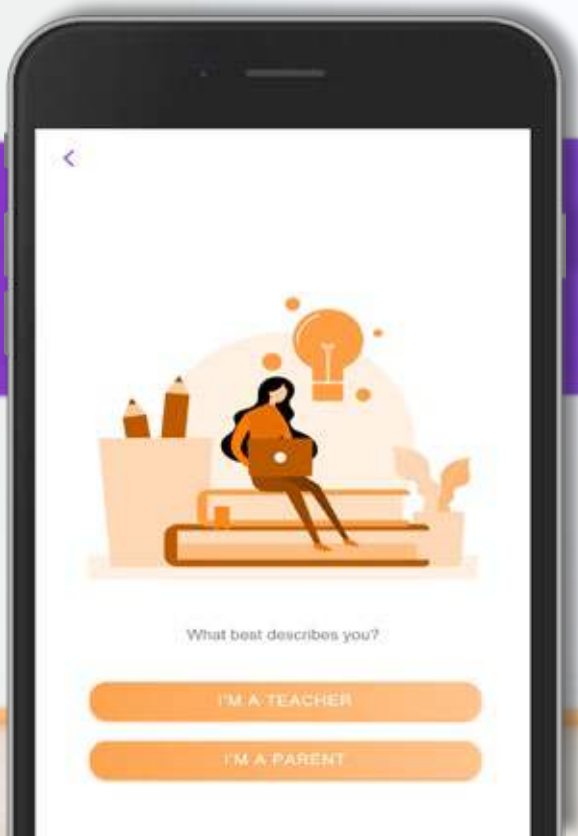

- Class Schedule and Observation Manager
- Class Social Media Platform
- Commenting and Reacting
- Engagement Tracing
- Feedback management
- Interactive Event Calendar
- Multi-Parent and Student Management
- Parent-Teacher Communication Log
- Conference Scheduling
- Personalised Notifications and Chat
- Private Messaging
- Timeline Management

Increase Trust between Parents and Teachers

TigernixEduConnect facilitates collaboration between parents and teachers, promoting better academic outcomes for students. It offers real-time communication, progress tracking, and secure data management. The platform provides transparency and involvement, building trust and improving student academic outcomes. It creates a positive and inclusive learning environment, benefiting everyone involved.

- Attendance Management
- Direct Messaging
- Notification System
- Progress Tracking
- Real-Time Communication
- Secure Data Management
- Special Requirements Tracking
- Teachers-Parent Content Upload Portal

Record all Financial Transactions

TigernixEduConnect simplifies school finance management by reminding parents of fees, keeping accurate documentation, and sending timely notices of any financial changes. Schools can build trust with parents and create an efficient system that ensures payments are made on time. The platform streamlines financial processes for a more effective and productive solution.

- Additional Fee Management
- Consent Forms/Digital Document Management
- Fee Management Portal
- Financial Document Sharing
- Payment Management
- Send Automated Reminders

Track the Progress of All Children

TigernixEduConnect is a comprehensive platform that offers real-time tracking of children's progress for both parents and teachers. It provides secured access to assignments, exam results, attendance records, and behavioural reports, enabling personalised support. The platform fosters an inclusive learning environment and promotes the success of all children simultaneously.

- Homework Assignment Management
- Student Attendance Management
- Student Health History
- Student Portfolio Management
- Student Progress Reports
- Student Grades/Activity Trackers
- Student Skill and Behaviour Trackers

Real-time School Admin Updates

TigernixEduConnect's administrator portal streamlines school administration with attendance, finance, and resource management. The platform improves administrative efficiency and enhances collaboration between educators and families. The platform offers customisable and user-friendly interfaces, document management, and privacy settings. The personalised dashboard, analytics, and student profiles facilitate communication, collaboration and more than ever.

- Case Management
- Document Management
- Finance Management
- Parent Engagement Analytics
- Professional Development
- Resource Management
- Student Master Profiles System
- User Management

Not-to-be-missed App Features

TigernixEduConnect improves parent-teacher collaboration with attendance and resource management, content management, and real-time communication. It provides data security protocols and comprehensive dashboards for parents, teachers, and administrators. The app streamlines administrative tasks, enhances engagement between parents and teachers, and is a must-have for educational institutions looking to improve collaboration.

- Accomplishment Sharing Tools
- Announcements Management
- Automated/Tag-Based Alert System
- Backup Images on the Cloud
- Integration with Other Systems
- Management of Year-end Reports
- Registration Management
- Timetable Integrated with Attendance
- User Profile Manager
- User Access Control
